To Whom It May Concern:

RE: Paraprimer—Green Building Product Information (LEED v4.1 Information)

Tremco Incorporated is an organization that is committed to quality, our employees, and our environment. We are responsive to both internal and external customers, and we pledge to treat everyone with good stewardship and respect.

Tremco Incorporated certifies the following for Paraprimer:

Building Product Disclosure and Optimization:

Paraprimer is manufactured in Rockland, Massachusetts.

No single extracted material is used to produce the majority of this product.

Recycled content for Paraprimer is not available, and for the purposes of LEED reporting should be assumed to be zero.

Low Emitting Materials - VOC Content Information:

Paraprimer is an adhesive primer with a VOC content of 236g/L equaling 13% as applied/mixed. Because this product is defined as an Adhesive Primer under rule 1168, the VOC levels are lower than the limits set in rule 1168.

Green Chemistry:

Tremco Incorporated is dedicated to the environment and prides itself on making its products as sustainable as possible. We are pleased to report that this product is produced without any Red List chemicals. As such, it can be used to assist in finishing projects aimed towards achieving a Living Building Challenge certification.
