

## ROOF SEALANT

*PREMIUM SELF-LEVELING SECONDARY /  
PENETRATION SEALANT*

TremPRO<sup>®</sup> RV Roof Sealant is a high-performance, low modulus, one-component, self-leveling sealant. It cures to a flexible rubber water-tight seal.

An excellent secondary sealant to help protect around roof penetrations such as skylights, vents, stacks, and seams and to eliminate potential water infiltration into the system or your RV.

TremPRO<sup>®</sup> RV Roof Sealant is specially designed for sealing level or slightly sloped joints and seams on RVs, truck and utility trailer roofs and floor assemblies.

### FEATURES AND BENEFITS

- Specially-designed for RV original equipment manufacturers and RV aftermarket applications
- 100% solids semi-self-leveling sealant
- Will not crack or bubble
- Seals level or slightly sloped joints and seams
- Excellent for RV and truck/trailer roofs
