

TREMPRO® 638 SSL

Fast-Cure, 100% Solids, Semi-Self-Leveling Polyurethane Sealant

Product Overview

TremPro® 638 SSL is a high-performance, low modulus, one component, semi-self leveling polyurethane sealant. It cures to a flexible rubber when exposed to moisture.

TremPro 638 SSL is specially designed for sealing level or slightly sloped joints and seams in RVs, rail cars, truck and utility trailer roofs and floor assemblies. It can also be used in horizontal joints and seams in architectural panels and pre-engineered buildings.

Features & Benefits

- Fast-cure, 100% solids semi-self-leveling polyurethane
- Cures to a flexible rubber
- Seals level or slightly sloped joints and seams
- Excellent for RV and truck/ trailer roofs and floor assemblies
