

# TREMPRO® 644

General Purpose Silicone Sealant Sealant

## Product Overview

TremPro 644® is a single-component, general purpose, RTV acetoxy-curing silicone sealant.

TremPro 644 is specially designed for sealing joints between most nonporous materials such as glass, aluminum, metal and metal alloys. Industrial and residential uses include HVAC, plumbing and around kitchen/bath fixtures.

## Features & Benefits

- 100% high-performance silicone
- Added biocide make it suitable for use in kitchens, bathrooms, spas and applications where joints need protection against fungi and mildew
- Quick skin time
- High Temp HT version of product is available when service temperatures of 400°-500°F is needed
