

TREMPRO® 645

High Performance, Neutral-Cure Silicone Sealant

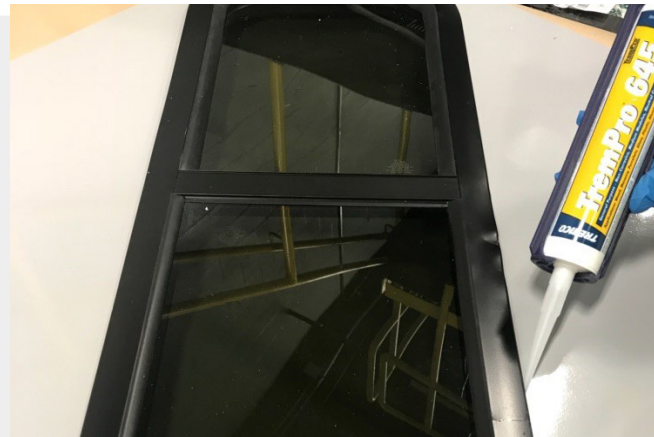

Product Overview

TremPro 645® is a high-performance, single-component, medium-modulus, neutral-cure silicone sealant. It cures to a flexible rubber when exposed to atmospheric moisture.

TremPro 645 is specially designed for sealing joints between most nonporous materials, including glass, aluminum, metal and metal alloys. Typical applications include recreational vehicles, truck trailers, cabs and modular construction panels.

Features & Benefits

- Neutral-curing silicone sealant
- Cures to a flexible rubber when exposed to atmospheric moisture
- Single-component, medium modulus
- Premium, long-lasting sealant
